Terry,

I need you to take [immediate action](#) to help us bring down one of the most partisan left-wing propagandists on television.

NBC's Brian Williams shamelessly LIED about being inside a helicopter that was shot down in Iraq.

This is a despicable, inexcusable lie that's a slap in the face to the brave men and women of our armed forces who actually *do* put their lives on the line in service to our great nation.

Therefore, the Media Research Center has launched a massive campaign to [force NBC to fire Brian Williams](#).

In just the past 36 hours:

- Our powerful video exposing Brian Williams has had over **200,000 views**
- Our grassroots army has made over **4,865 phone calls** to NBC demanding Brian Williams step down
- Our tweets have taken Twitter by storm, garnering over **3,500**

**retweets** and mentions

- We have reached over **1 million** people on Facebook with posts about the Brian Williams scandal

**NBC News is feeling the heat.** But we **MUST** maintain momentum to force NBC to pull the trigger on Brian Williams.

There is one major roadblock to our effort...we did not plan for this campaign and so we did not budget for it.

Right now, we do not have the funds to continue bombarding NBC.

In order for us to sustain our efforts, [we need to raise money](#).

Your generous donation will make the difference between Brian Williams continuing to anchor NBC Nightly News or losing his job.

Brian Williams's influence extends far beyond NBC Nightly News viewers. He is beloved by the liberal entertainment media and routinely makes the rounds on Comedy Central and the late night talk show circuit.

This makes him all the more powerful.

Brian Williams is one of the biggest Obama cheerleaders on television. This is a man who infamously BOWED to Obama. He is a left-wing partisan who is committed to advancing the Left's agenda.

And now he's been exposed as a LIAR. He has no credibility and **MUST** be ousted.

We're working overtime to make that happen. **But we need your support.**

And we need it right now. If we back off, NBC will wait until the controversy blows over.

**We cannot let NBC and Brian Williams get away with it.**

I'm asking you to consider a gift right now to enable us to expose one of the Obama administration's biggest enablers.

We are the only organization that can lead this kind of an offensive because we're the only ones who fight on the frontlines against the liberal media. We have all the capabilities, including a massive social media presence and a dedicated grassroots army. But because we did not budget for this campaign, **we need additional revenue to mobilize all of our resources and force NBC to fire Brian Williams.**

Firing Brian Williams would be a major blow to the left-wing media, and therefore a **major victory for the conservative movement and for the cause of liberty.**

[Join our efforts right now](#) to make this a reality.

Thank you as always for everything that you do for your country.

Sincerely,
