Dear Terry,

After Fox News' Bret Baier exposed the startling new revelations regarding the FBI investigation of the Clinton Foundation on Wednesday night, [the major news networks doubled down in their non-coverage](#).

ABC, CBS, CNN, and NBC did their best to shield the American public from major new developments from multiple sources within the FBI concerning the depth and seriousness of the Clinton Foundation investigation, what has been found on Anthony Weiner's laptop, and the probability that Clinton's secret emails were hacked by at least five foreign intelligence agencies. The networks also neglected the revelation that the laptops of top Clinton aides Cheryl Mills and Heather Samuelson have not been destroyed, and are now being combed through by the FBI.

[MRC President Brent Bozell has blasted the major networks for not reporting this news or conducting their own investigations into the matters.](#)

Now, we're calling on you, our faithful supporters, to let the heads of the major news networks know that it is unacceptable to neglect a major story concerning a presidential candidate.

Here are the telephone numbers you should call in order to reach the presidents of ABC, CBS, CNN, and NBC.

ABC News President James Goldston: (888) 994-8384

CBS News President David Rhodes: (888) 788-1582

CNN President Jeff Zucker: (888)-766-6498

NBC News President Steve Burke: (888) 776-0734

We're urging you to call these men and let them know, in no uncertain terms, that the American people demand an end to this pro-Hillary blackout of major new developments regarding ongoing FBI investigations.

Please call as many of them as you can as many times as you can TODAY!
We're counting on you, and we thank you for your support.

Sincerely,

David Martin
Executive Vice President
