An Urgent Message From Our Sponsor, The League of American Voters

League of American Voters

Dear Reader:

Yesterday, we sent you an urgent appeal from Dick Morris, the famous Fox News analyst, on behalf of the League of American Voters. Please read it below.

News reports now say that Obama with Pelosi and Reid plan to invoke the "nuclear option" -- and pass the most radical health care takeover plan in history with a simple majority in the Senate.

This is nothing short of a subversion of the Democratic process.

The Obama plan costs about \$1 trillion and that's a conservative estimate.

But the worst part of this is not the cost, but the guerrilla tactics now being used by the Democrats to bypass our constitutional process and the will of the American people.

This must be stopped. The implications for our country are grave.

Please help the League fight this by [Going Here Now](#).

Please help us to implement Dick Morris' plan and to expose 30 key

Congressmen by running our powerful new ad.

You can see this ad and donate to help us by [Going Here Now](#)

Please also read Dick's urgent appeal. We don't have much time left and our mission is absolutely critical.

HIT THE PHONES AND WRITE YOUR CHECKS TO STOP OBAMACARE

By **DICK MORRIS & EILEEN MCGANN**

In the aftermath of his sham health care summit, President Obama has made clear his determination to proceed to try to jam through his radical legislation.

There is no real chance to stop it in the Senate since he will use reconciliation to pass it. But we can beat it in the House! Dozens of Congressmen who voted for the bill last time are re-thinking their support in view of the tidal wave of opposition. And, since the bill passed by only 220-215, there is no Democratic margin for error.

Each of us can act now to protect our healthcare:

1. Go to dickmorris.com and see a list of marginal Democrats who voted for healthcare last time. The list includes their local and Washington office phone numbers. Pick up the phone and call them. Even if you don't live in the district, call them. If you live in the same state, tell them. If not, call them anyway. Call your friends or family that might live in their states or even their districts (the list on our web site says where their district is located) and ask them to call the Congressmen. Keep those lines busy all weekend!
2. Please give the League of American Voters funds immediately to run ads in each of these districts. They have created a very effective ad for each of these marginal members and will run it in their districts if you give us the funding. They have raised \$200,000 in the past three days but need more to blanket these swing districts.

Even if you have already given the League money, do it again. Your donations

have brought us to the edge of victory on health care and if you give again we can put it to a final end.

Remember what is at stake! If Obama loses this fight, his entire momentum will be crippled. But, if he passes his bill it will:

- * **Cut \$500 billion from Medicare**
- * **Force rationing of health care**
- * **Raise income taxes to 43% (from 35%) and capital gains taxes to 22.5% (from 15%)**
- * **Force a \$2,000 increase in the average health insurance premium**
- * **Force young people to buy insurance they don't need or want that would cost over \$8500 per person**
- * **Or...pay 2.5% of their income as a fine for not having insurance**
- * **Or...face prison if they don't do either**
- * **Tax medical devices and many medical procedures**

And, in addition to all of the above, it will have an horrific impact on the deficit. Don't listen to Obama's claims to deficit neutrality. The bill will cost \$1 trillion over six years and will generate revenues of \$1 trillion over ten years. But if you run the projections out to fourteen years, the costs exceed the revenues by over \$1 trillion.

These projections do not include about \$1 trillion in health insurance premiums or fines that the uninsured will have to pay and about \$3 trillion in increased health insurance premiums the rest of us will have to pay.

The Cato Institute estimates that the total cost of this bill over a twenty year period will come to \$6.5 trillion.

To support the League of American Voters in their efforts to stop Obama -- [Go Here Now.](#)

So...please make the calls and write your checks. Our health care lies in the balance!

Thank you!!!
