### An Urgent Message From Our Sponsor, The League of American Voters

Dear Reader:

This is the week of the final battle between the forces of freedom and those who want to straitjacket you; those who want you to decide your healthcare and those who want government bureaucrats and mandates to decide.

**Congress and the president are very close to subverting the will of the American people who strongly oppose Obamacare.**

They are very close to subverting the legislative process by ignoring the long-honored filibuster process in an effort to ram down a \$1 trillion health bill for you and your children.

**The good news is that this nightmare can be stopped.**

The Hill reported this week that "dozens" of congressmen remain "undecided" -- including many who voted for Obamacare the first time.

We know that about a half dozen congressmen have flipped, changing their votes to "no."

**And we also know that almost all of them were on the League of American Voters target list of 30 vulnerable congressmen.**

Dick Morris, our chief strategist, put together a powerful ad targeting these undecideds, urging voters in these swing districts to call their congressmen and demand they change their votes.

These ads and phone calls are working!

Pelosi and Obama are angry and desperate. They know the final battle has arrived and they simply don't have the votes.

We at the League know our job is not finished.

We are focusing all our resources into key districts.

**But time is urgent. We must make media plans early this week. Your help is vital! [Go Here Now](#)**

When the League of American Voters entered the fray and began challenging Obamacare last summer, it had overwhelming public support.

But thanks to your help, we educated and informed American voters of the dangers and costs of Obamacare. Support for Obamacare plummeted.

**And Dick Morris focused our strategy on key support groups for Obamacare, including seniors and young voters. They were the bulwark of support for Obamacare.**

Our ads pounded the airwaves, exposing what Obama was up to: slashing Medicaid, rationing for Seniors, incredible new taxes, criminal penalties and fines for young people.

**Needless to say seniors and young voters now OPPOSE Obamacare as does almost every key demographic group.**

But Obama and Pelosi won't stop.

That's why we need to hold every undecided member of Congress accountable.

We need to hold their feet to the fire.

Our ads are doing the job. We just need to do more.

**Please help us today -- [Go Here Now](#)**

Thank you.

Yours for America,

Bob Adams  
Executive Director

**P.S. Dick Morris says that just a few votes will decide if the largest federal takeover of private industry will happen.** With the vote so close and time so precious, please take a moment to see our ad and help us continue these ads in swing districts. This is our last chance. [Donate Here Now](#)
