Dear Newsmax Reader:

Please find below a special message from our sponsor, The United States Justice Foundation. They have an important update regarding the efforts to force Barack Obama to provide proof that he is a US citizen that they would like to share with you. Thank you.

FROM THE DESK OF Gary G. Kreep

Barack Hussein Obama's "birthday" is coming up in just two weeks -- on August 4th... so we have a **special birthday surprise** planned for him, and I would like YOU to take part.

According to published reports, Barack Obama's legal team has been paid **over one million dollars**, so far, to STOP anyone from seeing ANY of his actual identification documents, or many other documents:

- Actual long-form birth certificate (NOT an easily-forged electronic copy of a short-form document that is not even officially accepted in Hawaii)
- Passport files
- University of Chicago Law School scholarly articles
- Harvard Law Review articles
- Harvard Law School records
- Columbia University records
- Columbia University senior thesis, "Soviet Nuclear Disarmament"
- Occidental College records, including financial aid that he may have received

- Punahou School records, where Mr. Obama attended from the fifth grade until he finished high school
- Noelani Elementary School records, where Barack Obama attended kindergarten (according to the Hawaii Department of Education, students must submit a birth certificate to register -- but parents may bring a passport or student visa if the child is from a foreign country)
- Complete files and schedules of his years as an Illinois state senator from 1997 to 2004
- Obama's client list from during his time in private practice with the Chicago law firm of Davis, Miner, Barnhill and Gallard
- Illinois State Bar Association records
- Baptism records
- Obama/Dunham marriage license
- Obama/Dunham divorce documents
- Soetoro/Dunham marriage license
- Soetoro/Dunham Adoption records

By the way, the issue of the Occidental College records is especially pertinent. The United States Justice Foundation (USJF) served officials at Occidental College with a subpoena to produce records concerning Barack Obama's attendance there during the 1980's, because those records could document whether he was attending as a foreign national. You see, Mr. Obama attended the school on a scholarship -- and there are questions as to whether the financial aid he received was reserved for foreign students. The Obama attorneys have bent over backward to block us. He doesn't want anyone to see those records. He's STILL trying to hide them; those financial records STILL have not been released.

WHAT is Barack Obama trying to hide? **WHAT** is he afraid of? **WHY** doesn't he just release these documents to prove that he is a natural-born citizen and, therefore, qualified to serve as President -- especially his actual birth certificate?

Isn't it time we FORCED him to come clean? His "birthday" is the PERFECT time to do it!

I dared bring Barack Obama into court to force him to produce his birth certificate, and put an end to the controversy over his status as a "natural born" citizen once and for all. And now he's coming after me and the United States Justice Foundation (USJF) -- the public-interest legal group that I founded over 30 years ago -- with a vengeance!

Why? Because we dare to seek the TRUTH!

And they must have something to hide, because Mr. Obama's attorneys have threatened to spend, and then sanction, USJF out of existence.

That's why USJF has started efforts to convince State Attorneys General, all across the country, to investigate whether Barack Obama has committed perjury by knowingly filing false nomination papers... claiming to be constitutionally eligible to run for, and serve as, President of the United States. As you know, the available evidence shows that **he was born in Africa**.

Frankly, the evidence that Barack Hussein Obama was born in Africa -- not Hawaii as he claims -- and, therefore, cannot serve as the President of the United States, is compelling.

- First, Mr. Obama's refusal to release his birth certificate. If he has nothing to hide, what does he gain by refusing to allow the press to see the birth certificate?
- Second, the contention by Barack Obama's half-sister, Maya Soetoro-Ng, that Mr. Obama was born in a particular Hawaiian hospital, only to claim that it was in a different hospital several years later. And, most recently, Barack Hussein Obama has contradicted himself, in writing,

regarding the name of the hospital where he claims to have been born.

- Third, the erecting of a wall around Barack Obama's grandmother, the late Madelyn Dunham, by Mr. Obama, thus cutting off access to the one person then alive who would have been present if he was actually born in Hawaii.
- Fourth, the posting of law enforcement personnel at the two hospitals in Honolulu mentioned by Ms. Soetoro-Ng in an effort to block the press from discovering the truth about the birth certificate.
- Fifth, a taped phone conversation with Mr. Obama's step-grandmother in Kenya, who claims that she was present at his birth... in what is now called Kenya!
- Sixth, the "birth certificate" posted on the Obama campaign website and other liberal websites. Since Barack Obama was born in 1961, long before laser printers and office computers, his original birth certificate would be typewritten ... unlike the laser printed "copy" purported to be genuine.

The evidence demands that Barack Obama answer why he has been hiding the truth from the American people about his eligibility to run for, and serve as, President!

It's TRUE. Not only does Mr. Obama continue to categorically refuse to produce the decisive evidence proving whether he is a "natural born" citizen, his high-priced LA-based "dream team" of attorneys has USJF squarely in its crosshairs! And they're loading both barrels!

So, unless you help me and my team here at USJF to stand our ground in court, Mr. Obama's hired guns could blow a financial hole in USJF's ability to be the proverbial thorn in Mr. Obama's side!

Barack Obama continues to battle any attempt to see his real birth certificate -- producing only a phony one posted on his website -- as well as fighting us tooth and nail as we seek access to his college records... records which we believe may prove that he was foreign born!

USJF served that subpoena upon Occidental College to gain access to Mr. Obama's college records, and we are fighting to get at the truth on many other fronts, as well, including:

1. **Appealing a case** filed by USJF in California, all the way up to the United States Supreme Court, if necessary, on behalf of 2008 Presidential candidate Alan Keyes, calling into question Mr. Obama's status as a "natural born" citizen;
2. Funding and assisting local attorneys and Plaintiffs, in similar lawsuits, in Ohio, Hawaii, and Mississippi -- AND we'll soon be filing more lawsuits; and
3. We have initiated a campaign demanding that every State Attorney General in the country take action now to force Mr. Obama to just show us the TRUTH.

You see, when Barack Obama officially entered the office of President, he became, in essence, a "pretender to the throne." According to the Constitution, only a "natural born citizen" can occupy the presidency.

Even though he was sworn in on January 20, 2009, Barack Obama is NOT legally the President of the United States, unless he can prove that he is a "natural born citizen."

What's more, every action taken by him while he occupies the White House **may be invalid**. If he

cannot legally be President, every law passed by Congress will be null and void because the Constitution clearly requires that all laws be signed by the

President... and, without a legally elected and sworn in President in office, that becomes an impossibility.

Quite frankly, this crisis must be ended! And it must be ended NOW!

And that's just what we're fighting to do. The United States Justice Foundation is spearheading a campaign to protect the United States Constitution... and your liberty.

We have to press our case to stop Barack Obama from, apparently, illegally holding the Presidency, despite the ongoing threats against us. We will be filing additional lawsuits and administrative actions, over and above those already filed, if you will help us today.

I need your help right now in order to win this battle. We need grassroots patriots all across America -- **that's YOU** -- to contact all **50 State Attorneys General**. Helping USJF with this campaign is your best shot, and, possibly your only chance, at finding out whether Barack Obama is legally holding the Presidency of our great nation, or whether he is a fraud -- **a usurper!**

My friend, please take action immediately. Please FAX all 50 State Attorneys General and please consider making your best possible gift to help USJF stop Barack Obama from continuing his apparent theft of the Presidency!

Are you willing to see the Constitution shredded by the Left? Will you sit back and do nothing while a foreign-born person may be illegally occupying the White House as President of the United States?

We will not be intimidated. But we **MUST** have your financial help immediately if USJF is to survive this fight to the finish -- and if the U.S. Constitution is to weather this crisis intact!

Our country is on the fast track to disaster...but you can help us keep the situation from getting worse. I pray that I'll hear from you today.

Sincerely,

Gary Krep, Executive Director United States Justice Foundation

P.S. This is the **biggest political cover-up** in American history! It would be so simple to release the documents to PROVE Obama is a natural-born citizen... **IF THEY HAD THE DOCUMENTS!**

America has never before faced such a threat. Everything we hold dear is at risk with Barack Obama sitting as President without him releasing his actual birth certificate. Please, make your best possible contribution to USJF today:

Barack Hussein Obama thinks he can get away with DUPING the American people and DESTROYING the U.S. Constitution. **DON'T LET HIM DO IT!**
