**Who else has kept Seth Rich murder investigation alive?***Don't let Digital Cartel take out independent media*

Why are the independent media so critical to the future of America?

What is it that we do that the fake-news cartel doesn't do?

We keep truth alive.

How important is that?

Here's just one example from earlier this week.

[Who else, besides WND, has consistently kept alive the memory of Seth Rich's 2016 murder?](#)

It's a good example of what we do – almost uniquely.

We take a battering for it, too. It's expensive to do this kind of reporting. And it's costly in other ways than money. There's real opposition to this kind of reporting. But we do it because it's our job – the pursuit of the truth.

As you know, WND has faced overwhelming opposition lately – not just criticism, mind you. We've faced ATTACKS, as have others in the independent media space. But because we were the first in this space, going back more than 20 years, I believe we have been singled out for eradication by powerful forces. I've told you about the Digital Cartel, but I believe there are spiritual forces of darkness behind it.

That's why we need both your prayers and your financial support more than ever in the next seven days as we attempt, against all odds, to raise an additional \$65,000 to reach our goal set for March 1.

Here's how you can help us reach the goal:

1. [Would you consider making a monthly contribution to help our efforts – even if it's just \\$3 or \\$5?](#) If only a few thousand committed to doing this, we could turn off the urgent fundraising email-a-thon and focus our full attention on what you expect from us – the best content online, in print, in books and in movies. Hundreds have already responded and we are so appreciative.
2. [We also need and welcome one-time donations of anywhere from \\$3 to \\$5,000.](#) Contributions of \$25, \$50 or \$100 make up the bulk of the gifts we've received in recent weeks – probably 90 percent! Besides donating online, you can also donate by calling our customer service department at 1-800-4-WND-COM or mailing your donation to WND, P.O. Box 1627, Medford, OR 97501. Words cannot even express the gratitude we feel for those. I just want to give everyone a hug for those, but you've got to be careful about expressions like that these days.
3. One of the ways the Digital Cartel has attacked us and the rest of the independent media is by drying up advertising revenues. While anti-Christian and so-called "progressive" activists launch boycotts and other attacks, Google, Facebook and the Silicon Valley Vampires use their monopoly power to strangle the voices of liberty and God's love and sovereignty. So here's a way you can counter them. Years ago, we noticed many people asking for an advertising-free version of WND supported by subscribers. We created one. [It's called WND Weekly.](#) We offer a small annual subscription for this digital weekly magazine that contains nearly all the original content we produce daily and we deliver it to your inbox Sunday – repackaged with attractive illustrations, images and graphics – kind of like the old-fashioned Sunday paper delivered to your door. We provide that service for only \$3.99 a month or for an annual price of \$29.99. You can even sample it for free to see if it's for you.
4. Have you checked out our online WND Superstore recently? This was once WND's No. 1 source of revenue – for years! But because of the "Amazonization" of our culture, fewer people think of any other place to go for their [books](#), [Bibles](#), [movies](#), [gifts](#), [preparedness needs](#) and even unique products not carried at Amazon! Check out the handy links above to introduce you to the WND

- Superstore – or to re-introduce you to it.
5. If you don't already subscribe to our monthly [Whistleblower magazine](#) – available in both [print](#) and [digital](#) versions – you don't know what you're missing. Unlike any newsmagazine you've ever seen, every issue of Whistleblower is an incredible journey into one single topic of tremendous importance to you – a topic that, as a rule, is either ignored or twisted beyond recognition by the rest of the media. Whistleblower connects the dots and illuminates where today's events are headed, what they really mean, and what they portend for readers. It's a must-read.
  6. Lastly, for individuals, companies and foundations willing to make contributions larger than \$5,000, you can mail those to us at WND, P.O. Box 1627, Medford, Oregon 97501. I urge you to send me an email at [jfarah@wnd.com](mailto:jfarah@wnd.com) and I'd be happy to discuss it with you personally. You can also call one of our customer service representatives (1-800-4-WND-COM or [1-800-496-3266](tel:1-800-496-3266)) with your phone number and I will get back to you personally. We even have affiliated non-profit institutions we can tell you about that can ensure your targeted project-oriented contribution is tax-deductible. Would you like to sponsor more hard-hitting investigative reporting into corruption, fraud, waste and abuse in government? We can do it. Would you like to support the marketing effort of one of our books or movies? We can do that, too. If there's something you'd like WND to do, it can likely be arranged.

Thank you so much for your kindness and understanding, your prayers, your many expressions of love, your encouragement and your financial sacrifices. Let's continue to fight the good fight together!

God bless you.
