Friend,

Over the past few weeks, **Twitter has decided to abandon any pretense of neutrality... declaring innocent conservative opinions "violence."**

Even President Trump was censored by Twitter... simply because he advocated law and order in the face of violent riots.

The craziest part? As Twitter threw down the hammer on conservatives, prominent leftists got a free pass... even though they tweeted genuinely violence-promoting messages like...

- **"Clearly, rioting works. Clearly, burning things works."**
- **"When civility leads to death, revolting is the only logical reaction."**
- **"Your violence has brought this resistance.** We have the right to fight back!"
- Street violence **"can be effective in winning social change."**

For years, the leftist media has observed a grotesque double standard ... one for themselves and

another for conservatives. But I never thought it'd get this bad.

The only choice conservatives have right now? Fight with everything we've got.

That's what WorldNetDaily is doing every single day... fighting back with the truth, a very powerful weapon!

But I'll be honest: It's an uphill battle. Right now, truthful conservative media outlets like WND are being wantonly suppressed, censored and flat-out blocked.

The only way we can continue to keep our journalists reporting the truth day in and day out ... and make sure that truth reaches the American public as a counterbalance to the far-left "fake news" media... is with your support.

Will you come through for WND – and for the future of a genuinely free press in America – with a gift of \$25 or more?

Please pitch in \$25, \$35, or even \$50 or more right away to WND.

Thank you so much and may God bless you.

P.S. The far left is doing everything it possibly can to silence bold, truth-oriented news media. Will you help WND keep fighting back?

Please join us by contributing just \$25, \$35, \$50 or more to WND. Thank you.
