## NEWS CENTER

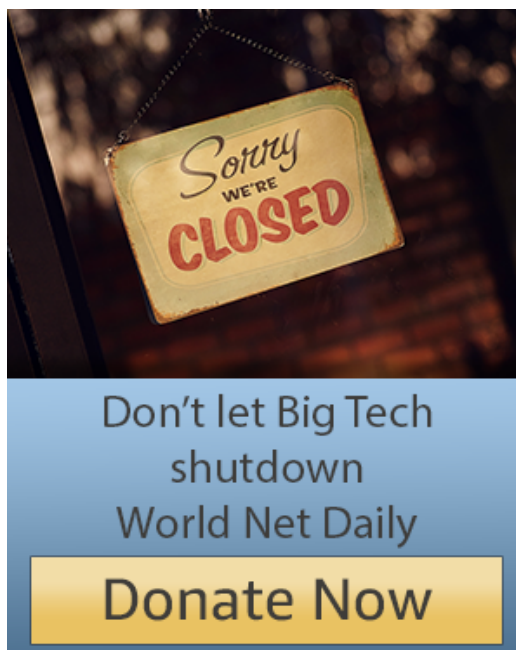

Friend,

As you probably know, WorldNetDaily is under relentless assault by forces of the far left that want to transform America – particularly the online media gatekeepers we collectively refer to as Big Tech.

Our current difficult financial situation (we've gone from 50 employees a couple years ago to 9 today, but they are 9 of the best in the business) is the direct result of a **relentless campaign by Google, Facebook, Twitter and other social media giants**, as well as the big establishment media and their allies on the far left, to shut down conservative journalism. Which is to say, to shut down America's free press, without which a nation CANNOT stay free.

Over the past few years:

- **Facebook has repeatedly smeared high-profile, viral and accurate WND news articles with phony "fact-checks," labeling them "FALSE INFORMATION."**

Most recently, this happened after WND reported verbatim what the World Health Organization said about transmission of COVID-19 by asymptomatic carriers as being "very rare." After the WHO walked back this statement the next day, our accurate story suddenly was reclassified by Facebook as fake news!

- **Twitter has been "shadow-banning" WND** for years ... essentially, "hiding" our tweets from the American people without our knowledge.
- **Google has buried our stories so deep in search results as to make them virtually invisible**, while simultaneously cutting off a great deal of our ad revenue thanks to their near monopoly (along with Facebook) on digital online advertising.

The obvious goal of all this? **Silence conservative, Christian, pro-American, pro-Constitution, pro-commonsense news media altogether ... so Americans will have access *only* to the increasingly insane far-left "narrative," rather than truth.**

WND is a critical part of the national news media ... because, almost alone among major news outlets, we provide a conservative, Judeo-Christian, pro-American insight and context to today's civilization-shaking news stories.

Without WND, which has reported boldly and truthfully every single day since May 1997 – 23 years ago! – our nation will be that much closer to being buried under a radical, far-left agenda and propaganda blitz that crushes our Constitution and tramples our values.

We need your help to keep our lights on and our journalists punching back against the far-left with the truth. **Will you come through with an emergency gift of \$25 or more right away?**

**Please make your most generous donation of just \$25, \$35, \$50 or even \$100 or more right away.**

We're counting on you. Our nation is counting on you.

**[PLEASE DONATE TODAY]**

Thanks so much for all your help.

P.S. The far left is doing everything it possibly can to silence and shut down conservative media.

**Will you help WND continue to fight back by pitching in just \$25, \$35, \$50 or more right away?**
