WORLDNETDAILY.COM THE DIGITAL PIONEER

IN INDEPENDENT ONLINE NEWS SINCE 1997

Fake news Salon says it's 'fake news' that's hurting us

But they did get one thing right about our predicament ...

It didn't take long for the leftist fake-news media sharks to smell WND's blood in the water because of our pitches for financial help to our subscribers.

Salon.com, one of the worst of the bunch, made the case that WND is suffering the consequences of publishing "fake news." To make the case, they went back to 2015 to find a sensational headline as the major illustration in their story – and then lied in the caption about what the story said.

Typical.

[If you want to read the story for yourself, I have no problem linking it here](#) – because I know you will take most of it with a grain of salt. That's what discerning people do when confronted with fake news.

But, interestingly, the story did make a point that has more than a grain of truth – making it a good opportunity for me to be straight with you about one of the problems I've never mentioned before in my pleas for support.

Since we have been around for more than 20 years, we've noticed a disturbing trend: We grew in the Clinton years, prospered in fact, because WND was the opposition voice. People who wanted to know the truth about what was going on inside the Clinton administration came to WND.com.

Then came the Bush years. Not so good for WND. Why? Because WND found plenty of wrongdoing in those eight years, but much of our audience didn't want to hear about it. They resented our intrepid, independent voice, our watchdog spirit.

After that came Obama. And, again, the opposition returned to WND in big numbers. Eight pretty good years resulted.

But in the 2016 presidential election, something different happened. Donald Trump was elected. Our natural constituency in America is deliriously happy – as I am – about all he has accomplished. I personally launched the ThankTrump.us campaign in WND. Yet, you can probably guess the results.

Some of the WND audience, to a certain extent I suspect, thinks all the nation's problems are being solved. So, who needs WND?

What those folks are missing is that WND is needed more than ever for the Trump agenda to be realized. Already, the leftists are counting on a big showing in the 2018 midterm elections so they can take control of Congress and impeach Trump.

Trump and America need an independent media more than ever in the fight against the Deep State. But it's a tough sell.

That's why I hope you will continue to support us through our voluntary fund-raising campaign this month to reach our goal of \$200,000 by March 1. It's imperative that we get there. WND is a unique voice – Christian, independent, pro-American, constitutionalist, hard-hitting professional journalism. America needs that voice. President Trump needs that voice.

Again, here's how you can help us reach the goal:

1. [Would you consider making a monthly contribution to help our efforts – even if it's just \\$3 or \\$5?](#) If only a few thousand committed to doing this, we could turn off the urgent fundraising email-a-thon and focus our full attention on what you expect from us – the best content online, in print, in books and in movies. Hundreds have already responded and we are so appreciative.
2. [We also need and welcome one-time donations of anywhere from \\$3 to \\$5,000.](#) Contributions of \$25, \$50 or \$100 make up the bulk of the gifts we've received in recent weeks – probably 90 percent! Besides donating online, you can also donate by calling our customer service department at 1-800-4-WND-COM or

mailing your donation to WND, P.O Box 1627, Medford, OR 97501. Words cannot even express the gratitude we feel for these donations. I just want to give everyone a hug for them, but you've got to be careful about expressions like that these days. :(

3. One of the ways the Digital Cartel has attacked us and the rest of the independent media is by drying up advertising revenues. While anti-Christian and so-called "progressive" activists launch boycotts and other attacks, Google, Facebook and the Silicon Valley Vampires use their monopoly power to strangle the voices of liberty and God's love and sovereignty. So here's a way you can counter them. Years ago, we noticed many people asking for an advertising-free version of WND supported by subscribers. We created one. [It's called WND Weekly](#). This digital weekly magazine contains nearly all the original content we produce daily and we deliver it to your inbox Sunday – repackaged with attractive illustrations, images and graphics – kind of like the old-fashioned Sunday paper delivered to your door. We provide that service for only \$3.99 a month or for an annual price of just \$29.99. You can even sample it for free to see if it's for you.
4. Have you checked out our online WND Superstore recently? This was once WND's No. 1 source of revenue – for years! But because of the "Amazonization" of our culture, fewer people think of any other place to go for their [books](#), [Bibles](#), [movies](#), [gifts](#), [preparedness needs](#) and even unique products not carried at Amazon. Check out the handy links above to introduce you to the WND Superstore – or to re-introduce you to it.
5. If you don't already subscribe to our monthly [Whistleblower magazine](#) – available in both [print](#) and [digital](#) versions – you don't know what you're missing. Unlike any newsmagazine you've ever seen, every issue of Whistleblower is an incredible journey into one single topic of tremendous importance to you – a topic that, as a rule, is either ignored or twisted beyond recognition by the rest of the media. Whistleblower connects the dots and illuminates where today's events are headed, what they really mean, and what they portend for readers. It's a must-read.
6. Lastly, for individuals and foundations willing to make contributions larger than \$5,000, you can mail those to us at WND, P.O. Box 1627, Medford, Oregon 97501. I urge you to send me an email at jfarah@wnd.com and I'd be happy to discuss it with you personally. You can also call one of our customer service representatives (1-800-4-WND-COM or 1-800-496-3266) with your phone number and I will get back to you personally. We even have an affiliated non-profit institution we can tell you about that can ensure your targeted project-oriented contribution is tax-deductible. Would you like to sponsor more hard-hitting investigative reporting into corruption, fraud, waste and abuse in government? We can do it. Would you like to support the marketing effort of one of our books or movies? We can do that, too. Would you like to help us tackle some of our technical challenges in our battle to remain a free and independent Christian voice to millions? Let's talk.

DONATION

Thank you for your attention, your prayers, your expressions of love, your encouragement and your financial sacrifices. Let's fight the good fight together!

And may God bless you all,
