Dear Terry,

We need your assistance on this one. It's your chance to truly make a difference. The MRC has produced a 14-minute mini-documentary titled "[Killing Keystone: How Biden & The Left Destroyed American Energy Independence.](#)"

[Please watch and then share on social media.](#) Below the video, there is a link to

“share” with your friends on Facebook, Twitter, WhatsApp, Reddit, and other social media sites. It is paramount that we get this important message to the American public. Unfortunately, the media has done its best to stamp “top secret” on the truth surrounding Keystone.

As you may know, Biden tried to impress his left-wing colleagues by shutting down the Keystone XL pipeline on day one in office: Thousands of jobs gone, and the opening assault on America’s energy independence begun -- with the stroke of a pen.

[“Killing Keystone”](#) lays out the timeline and story of Keystone through news video clips (from MRC’s vast 850,000-hour digital news library) dating back to 2011, along with interviews with those affected in Montana and South Dakota.

Biden has Chutzpah. Starting with Keystone, he has done everything possible to destroy America’s robust energy sector – then begs OPEC for oil? The media gives him a pass. We cannot. [“Killing Keystone”](#) offers you a step-by-step guide to the facts in an easily digestible 14-minute video.

Again, [please enjoy “Killing Keystone” and share.](#) Thank you so much for your help; let’s shout it from the housetops.

All the best,

— The MRC
