### An Urgent Message From Our Newsmax Sponsor, The National Republican Trust PAC

Dear Newsmax Reader:

Can you believe that Barack Obama suffered a terrible setback this week but the media practically ignored it?

**It's no surprise. The major media simply are not revealing the truth to the American people about this man.**

But we will.

This past Tuesday a special election took place in New York's 20th Congressional District for the House seat that opened after the Democratic congresswoman was appointed to take Hillary Clinton's place in the Senate.

As you know, New York is a LIBERAL state.

And this congressional district has been voting Democratic.

**In fact, just five months ago, the Democratic congresswoman beat her Republican opponent by more than 23 points!**

And Obama even beat McCain last November by about 5 points!

When it looked like the liberal Democrat in the race, Scott Murphy, was going to win, there was press buzz that this was going to be a bellwether race showing how strong support was for Barack Obama and Nancy Pelosi and their radical policies.

Even liberal Chris Matthews reported that the race would show what people really are thinking.

But guess what happened?

**Conservative Republican Jim Tedisco and the Democrat essentially tied. The latest tally shows Tedisco leading by 12 votes.**

With a reported 6,000 or so absentee ballots yet to be counted, the Republicans are confident that Jim Tedisco will be New York's next congressman.

But this race was not about New York.

It was about Barack Obama.

About his radical stimulus plan.

About his radical tax plan.

About his radical healthcare socialization plan.

About his radical plan to back Hamas-controlled Gaza with almost \$1 billion in U.S. taxpayer aid.

About his radical plan to appease Iran, one of the world's most dangerous regimes.

And New York voters among the most liberal in the country who backed him just five months ago, voted against him and big time!

Since this story was huge and it hurt Obama's standing, the media spin after the election was predictable: It was either ignored or the major media claimed it was a "Republican" district.

**But Obama really thought he was going to win.**

That's why he dispatched Joe Biden to air radio commercials for Scott Murphy.

That's why Obama personally endorsed Scott Murphy just days before the election.

And the Democrats poured millions into this race and even got their union goons to campaign for Murphy.

The result must have been devastating for Obama, Pelosi, and their crew. It also shows that people are starting to wake up to just how dangerous they are and that's because you helped us get the word out with our TV and radio commercials.

Now, the media are hiding from the story, but my friends in Washington are saying even many Democrats on Capitol Hill are worried.

**You should know that 26 Democratic House members come from districts that John McCain won in the election.**

These Democrats are standing on a precipice and believe me, we at the National Republican Trust will hold them accountable if they back Obama and Pelosi and their radical agenda.

We will expose them just as we did in the New York election.

When we saw that the Democrats were pouring in massive resources, we went into action.

**We spent more than \$800,000 on this special election.**

We bombarded the district with TV commercials exposing Murphy as a rubber stamp for Obama, for his outrageous support of the "stimulus" boondoggle and for his support of AIG bonuses in the first stimulus law.

**Just a week before the election, Republican Tedisco was down 4 points, according to a major poll.**

**But we hit back hard.**

We blanketed the district with TV ads and also aired radio ads on major stations.

The bottom line: Tedisco tied Murphy on election day and we expect he will beat Murphy when all the votes are counted.

It was a huge victory for us and the Republican Party.

**[Help us prepare for more victories Go Here Now](#)**

Today, we have a track record and template on how we can beat the Democrats and Obama in 2010.

We know that, if we bypass the media; go directly to the people with our message; and tell the unvarnished truth about Obama, Pelosi and their liberal friends, the voters will side with us and good sense.

Remember, we used the same approach in the special election in Georgia. We spent nearly a \$1 million in that race.

Republican Saxby Chambliss was in a dead head with his liberal Obama-backed rival, according to the polls.

**But we exposed the Democrat's ties to Obama.**

**On election day, Saxby Chambliss won by double digits!**

We have the ability to win back Congress in 2010, and we are emerging as the new power in the Republican Party.

Dick Morris calls us the most "influential political action committee in the Republican Party today."

Last election we were ranked as the country's third-largest PAC. CNN referred to us as the "powerful" National Republican Trust.

We have an ambitious agenda. We want to raise \$10 million in the next 18 months.

**We need this to defeat more than 20 Democrats in the House to stop Pelosi and give Republicans control again of Congress.**

This is a possible.

But we need your support. We need to start building today.

Thank you for all of your support.

Yours for America,

**P.S. It has been reported that Obama's presidential campaign has not ended. He is keeping his campaign going and is actively building support for his plan to radically re-make America. We need to also keep our campaign going. We can't wait till election day. We need to work now so we have a better tomorrow for our country. Help us in this vital cause [Go Here Now](#)**
