Every Penny You Own Is In Danger... Join Me On May 7th As We Say "Enough is Enough"!

Dateline: April 20, 2009

**CHRISTOPHER
RUDDY**
EDITOR IN CHIEF

Dear Newsmax Patriot,

Our country is in dangerous hands. Over the last year and a half you've seen your 401k obliterated...your investment portfolio drained and the value of your home demolished. And despite the recent rally, I promise you dark times are ahead.

Instead of helping the 3.3 million people that have lost their jobs over the last 5 months (5.1 million since 2007)...President Obama is taking great effort to grant amnesty to 12 million illegal immigrants.

How can that possibly help your friends, family and neighbors that are getting laid off, forced to leave their homes, or even worse - left homeless altogether.

America has become the land of corporate welfare checks... taking money out of your pocket and handing it to greedy Wall Street crooks who ask for their bailout and then go cash a 7 figure bonus check.

To this point, your voice has landed on deaf ears in Washington, D.C. Today, I need your help to change this.

Last week, over a quarter million of you gathered in various cities across America for "Tax Day Tea Parties" to protest the daylight robbery of our money from the Obama Administration.

Citizens everywhere demanded that the money they earn, be kept in their bank accounts and not handed to some bankrupt company or taxed away.

I'm proud of you for standing up for your rights. We need to ensure the momentum never stops. We have to keep pushing the movement forward!

That's why on May 7th...I'm holding a national internet webcast...I'm strongly suggesting you attend.

I want to get 250,000 of you or more in one place...at one time...and with one voice. With us all united in this cause, Washington D.C. will have no choice but to listen.

On May 7th, I'm going to make an announcement that will

shock you into action.
I promise, you cannot afford to miss this

There is no charge whatsoever to attend and before the event, I'm going to give you FREE access to a members-only website I'm creating with tools to help you protect your finances and investments from the far-reaching hands of President Obama.
