Dear WND Reader,

While the rest of America took time out of their day to remember those we lost when radical Islamic terrorists killed 2,997 people on September 11, 2001, guess what the Council on American-Islamic Relations (CAIR) was talking about?

- **Did they** publish any message, opinion pieces or articles expressing sympathy for the dead – people who were brutally murdered when four passenger jets crashed into the World Trade Center, the Pentagon, and a quiet country field just outside Shanksville, Pennsylvania?
- **Did they** take a moment to mark the 18th Anniversary of the September 11 attacks and join their fellow Americans who stopped to pray for the fallen and those who still suffer from their injuries

As the longest-serving conservative Christian news website in America, we need your support to expose CAIR and neutralize its influence

to this day?

- **Did they** mention September 11, 2001, in any way whatsoever?

The answer to each of these questions is no, no and NO!

Your next logical question is: ***What did CAIR care about on September 11, 2019?***

- **CAIR Invited** their Muslim supporters to attend their September 12 Democratic Debate Watch Party.
- **CAIR Condemned** so-called "White Supremacist" flyers at a University Campus in Nevada. And,
- **CAIR was 'Appalled'** by the appointment of President Trump's new Acting National Security Adviser who served on the board of – you guessed it – a so-called "anti-Muslim hate group."

There's more, but it is all the same.

It's like the 9/11 terrorist attacks by Islamic jihadists on our nation that killed almost 3,000 innocent people never happened. It was a "non-event."

This is why we have reported the fact that CAIR stands for Islamic supremacy ... has raised large amounts of money to finance Islamic terrorist groups like Hamas ... and rather than assimilate into our Judeo-Christian American culture, CAIR believes that Islam reigns and that Sharia Law should replace the U.S. Constitution.

That's what CAIR is and we want America to know it.

As the longest-serving, most trusted conservative Christian news website in America, WND will look back on this moment in history with shame if we fail to do more – much more – to expose CAIR and neutralize its influence on America.

If you agree with me, please take a moment – right now – to ***do one thing*** before you move on to your next email and possibly forget to return to this message by [helping WND with a donation of \\$25, \\$50, \\$100 or whatever you can afford today](#).

CAIR survives by flying under the radar.

Unless they are wailing about someone saying something that "offends Islam" – which is just about anything – they stay off the front pages and toil in the background to undermine our nation by advancing Sharia supremacy in America.

WND vows to pull back the curtain on CAIR so decent law-abiding citizens can see CAIR and other groups like it for what they really are.

To understand how important your gift is to WND at this time, consider this.

WND has two chief forms of income – advertising (which has been severely degraded by Google and Facebook which together control 90% of all digital advertising) and the **voluntary contributions we receive from freedom-loving, patriotic Americans like you.**

If you appreciate the genuinely pro-American, truth-based journalism you see day in and day out on the pages of WND – the oldest independent news organization on the Internet – then please [help us today with the largest gift of support you can.](#)

P.S. Please remember, without WND covering stories about CAIR – an organization that we allege is a Fifth Column growing inside our country, and that is dedicated to replacing our current Judeo-Christian constitutional system with one in which Islamic Sharia law is supreme – then **[please click here and help WND with a donation of \\$25, \\$50, \\$75, \\$100 or whatever you can afford today.](#)** Thank you very much.
