Urgent update: WND needs your help*Joseph Farah Asks loyal readers to support Christian media pioneer*

Dear friend of WND,

I recently wrote to you about the real reason Google and YouTube permanently demonetized WND, dramatically hurting our ad revenue, in hopes of putting us out of business entirely.

I explained how Google has classified this Christian news organization as "dangerous" for publishing entirely truthful information Americans desperately need – like the truth about the 2020 election, and about the dangerous "vaccines" that have been mandated by government (and that the CDC is now forcing on your young children!), and about the unbelievable and frankly satanic way our kids are being mutilated in hospitals nationwide as part of today's youth transgender craze.

But that's our job – to report truthfully. For more than 25 years, WND has championed the cause of "a free press for a free people," performing the vital job of fearlessly reporting the truth, without fear or favor.

Despite what many think, this is a very tough business. And while other top-tier alternative media organizations have long been supported by billionaire backers, we at WND have pretty much always earned our own way.

The good side of that arrangement is that we've never been beholden to anyone other than the Good Lord. But these are exceedingly rough times in the news business. And right now, it pains me to tell you that not only have all WND's staffers had to accept pay cuts, but making payroll is frequently delayed as we attempt to overcome multiple crises that constitute an existential threat to the nation's oldest independent Christian online journalism organization.

A few weeks ago I revealed to you that we needed to raise \$100,000 by the end of October. Many of you generously pitched in – and thank you so very much to everyone who did. However, we still fell short – and we are still struggling to make payroll for our journalists. Therefore, if others reading these words are able to help in any way, large or small, that support is still seriously needed. I hope and pray you can help us during this particularly tough time for WND.

I'm asking for the help of those who recognize the unique role WND plays in reaching the God-fearing American audience that, like us, supports limited government, national sovereignty and the traditional Judeo-Christian values that made America truly great.

Donald Trump and the MAGA movement can't fight this monster alone. They need strong media voices like WND's to help them accomplish Trump's genuinely pro-American agenda and, at the same time, "drain the swamp." WND played a critical role in the 2016 election, and we are facing a critical election on Tuesday and, of course, in 2024.

Please keep us in your prayers. And consider helping us to weather this storm by [making a generous tax-deductible donation to the nonprofit 501\(c\)\(3\) WND News Center](#). You can [designate a one-time gift or a repeating monthly donation, using credit/debit card or PayPal](#). Or you can mail your tax-deductible contribution by making your check out to "WND News Center" and mailing it to: WND News Center, P.O. Box 100, 580 E Street, Hawthorne, NV 89415-0100.

I, and everyone at WND, thank you in advance for your help.

If this weren't so urgent, I would never suggest it is. [We really need your help – and we need it fast.](#)

In fact, for anyone who is in a position to contribute \$5,000 or more, I urge you to call the number of our financial director at 775-945-5958 (Monday-Thursday, 10:30 am-5:30 pm Pacific) so we can provide you any information you might need. Or email him at rdouglas@wndnewscenter.org.

God bless you for taking the time to read this plea. And we ask you to please keep WND in your prayers.
